OTHER WAR SHIPS

Ordered to Take the Place of Those Wrecked at Samoa.

DESCRIPTIONS OF THE RICHMOND, THE ALERT AND THE ADAMS.

They are in No Way Equal to the Vessels Sunk by the Hurricane—Instructions Issued to Hury the Preparations—Germany Also Sending Vessels to Look After Her Interests.

WASHINGTON, April 3.—The navy department is making every effort to secure an adequate representation at Samoa. Orders were sent out Monday to have the Richmond, Alert and Adams sent to Apia at the earliest practicable moment.

The Alert is at Honolulu all ready to sail when she coals and provisions, and can reach Samoa in a month or forty days.

The Richmond is not in such a favorable place, being at present in the River Rio de la Plata, on the east coast of South America and must go around Cape Horn.

The Adams is under repair at the Mare Island, California, navy yard. Ten days or two weeks will serve to complete the repairs, and after a few days additional consumed in taking in stores and coal she may sail on her voyage, which will take about a month.

The Yantic, now at Brooklyn, will be ready to sail on the 10th inst., probably to relieve the Richmond.

While the vessels ordered to Samoa are by no means equal to the three vessels which were wrecked, and are of antique type compared with the vessels of the German East African fleet which have been ordered to Apia.

The old Richmond is by far the largest of the vessels that will go down. She was built in Norfolk in 1853, and is of 2,700 tons burden, 222 feet long, 42½ feet broad and 17 feet 4 inches draft. Her speed is set down at 9½ knots when in trim, and she is doubtless foul and consequently much reduced in speed by her stay in the South Atlantic waters.

She is commanded by Capt. A. V. Reed, Lieut. Commander Louis Kingsley and Lieuts. W. H. Everett, J. H. C. Coffin, F. H. Crosby, J. M. Robinson and J. O. Nicholson. Her complement is twenty-nine officers and 321 men. The battery is headed by twelve 10-inch smooth-bores, one 8-inch muzzle-loading rifle and one 60-pound breech-loading rifle, two 20-pound breech-loaders and some smaller secondary guns.

The Alert is a 1,000-ton vessel, built by John Roach in 1875. She carries twenty-one officers and 127 men. She is rated at ten knots, is 175 feet long by 32 feet beam, draws 12 feet 9 inches of water and carries a battery of one 11-inch and two 9-inch smooth-bores, one 60-pound rifle and four small guns in the secondary battery. Her officers are Commander James D. Graham and Lieuts. John Garvin, F. E. Greene, C. T. Moore, J. P. Parker, C. D. Bostick and William G. Hannum.

The Adams is rated at 1,375 tons. She was built in 1876, at Boston, by Donald McKay. Her length is 185 feet by 35 feet beam and 14.3 draft. She is set down as a 9.8 knot ship, with a battery of four 9-inch smooth-bores, one 8-inch muzzle-loading rifle, one 60-pounder muzzle-loading rifle and five guns in the secondary battery. Her detail of officers is not yet made up, but she was last under command of Commander Richard P. Leary, who has already achieved fame by his firm stand in exciting times at Samoa. She carries twenty officers and 116 men.

The detail for the Adams was almost completed Monday afternoon. She will be under the direction of Commander Edwin T. Woodward. There will be no new order in regard to Samoa affairs given to the commanders of the vessels. Admiral Kimberly will remain at Apia, and will continue in command of the squadron. He had instructions issued to him before his departure, and the situation has not changed since then. The admiral has considerable discretion vested in him, and may, to a considerable extent, exercise his own judgment in regard to what shall be done.

Should any thing occur to render new instructions advisable they can be prepared and sent to Samoa long before the war vessels get there. The thing now needed there is ships, not instructions. It is not improbable that the Samoan conference will have met and settled the entanglement between the United States and Germany before our vessels reach Samoa, and any new orders sent to Admiral Kimberly will doubtless largely be governed by the proceedings of the conference.

Renewed instructions have been sent to San Francisco to hurry forward the preparations of the Charleston and every effort will be made to get her guns and carriages transported overland at the earliest possible moment. The guns are ready at the proving ground at Annapolis, and the carriages are about ready at the Washington navy yard.

The secretary of the navy has cabled to Auckland that the men of the wrecked naval vessels who are sent home are to come to San Francisco.

England and Germany Against Us.

WASHINGTON, April 3.—There is direct information that the Samoan conferees do not expect that their position will be accepted by the German chancellor.

It will be substantially as set forth by Commissioner Bates in his North American Review article, and is, in brief, the well known American position. The conferees fear that the errand of Herbert Bismarck to England has been to see if an understanding may not be reached by which the two great powers shall stand together against the United States in case it should be necessary to do so. In support of this theory is the sudden detail of the three German vessels to Samoa, the very night when the news of the Apia disaster was out.

The slowest of them is as fast as the Olga. Against these can only be matched the Richmond, now at La Plata, South America; the Alert at Honolulu, and the Adams at San Francisco. The commissioner hopes that some phase of European politics possibly to arise by the time the conference meets at Berlin may aid them.

LABOR NEWS.

Numerous Strikes, Reductions and Demands Inaugurated April 1—Eight and Nine Hours for a Day's Work.

ST. LOUIS, April 3.—About 1,200 of the 2,000 carpenters of this city went on strike Monday morning. The cause leading up to this action are a demand of the men for an eight-hour day and forty cents per hour as standard wages. The bosses seem to have generally conceded the eight-hour day, but are divided about the wages, many of them being unwilling to give more than thirty cents per hour. In addition to this the men are much agitated over the fact that the bosses "persistently ignore the Brotherhood of Carpenters," and they say they are determined to have recognition as an organization.

W. H. Kilver, vice president of the Brotherhood of Carpenters and Joiners, who has been in the city several weeks, has been active in working up the movement, and will have charge of the strike.

The striking carpenters met at Central Turner hall during the morning and appointed committees to look after the interests of the strikers. The men are firm in their position, and, as the boss carpenters decline to recognize the demands of their former employees, a bitter struggle is probable. Work on a large number of buildings has been suspended, and there is much solicitude as to the outcome of the trouble.

New York Framers and Painters.

NEW YORK, April 3.—Monday the Framers' union submitted its agreement to the employers in this city for equalization of wages here, in Brooklyn and Jersey City, an agreement binding the employers to pay forty cents per hour for day work and double price for overtime and Sunday work. This was submitted to the employers who had not previously signed the agreement, and is to be binding until May next. About twenty-five of the largest shops have given in, but in some shops the proposition was refused, and about 150 men went out. Reports from six shops showed that the men had succeeded in getting their demands. The strikers are confident of success, as this is the busy season.

The German painters' union started Monday their demand for a uniform rate of \$3.50 for nine hours' work. Of the 1,100 members of the union about 400 are now getting that figure. When the demand was made Monday over twenty employers refused the increase, and their men went out on a strike.

Striking Weavers Encouraged.

PROVIDENCE, R. I., April 3.—The Berkey weavers are still out and are greatly encouraged by words of sympathy from the Catholic priest of the village delivered during his Sunday discourse. They claim also to have offers of financial help. Monday the mule spinners in the same mill, thirty in number, left work. They claim that their wages dropped \$2 per week while working on yarn which they think is finer than the numbered size. The order was issued to change from size 42 to 38 yarn, and the spinners went out until they could consider the matter.

No Trouble in the Coke Regions.

PITTSBURG, April 3.—The strike or trouble over a reduction in wages in the coke region, predicted for Monday, failed to materialize. A private telegram from one of the leading superintendents in the region stated that there was no trouble at any of the works. The Frick company has reduced wages as per the provisions of the sliding scale which it has with its men, but the other leading operators have not made any reduction.

Big Iron Strike Threatened.

PITTSBURG, Pa., April 3.—The roughers and catchers employed by the various iron mills in this city and vicinity, are going to ask for an advance in wages. If they do not get it they claim they will inaugurate a strike that will extend to every mill here where iron is rolled. A meeting of all the roughers and catchers in this city has been called for the 14th inst., in Salisbury hall, South Side.

Pennsylvania Miners Still at Work.

SCOTTSBURG, Pa., April 3.—A meeting of the National Progressive Miners' union was held here Monday, when it was decided to remain at work for the present. A resolution was adopted requesting all operators to pay by the hundred bushels instead of by the wagon. There is little prospect of a general strike in the region until after the Knights of Labor meeting on the 13th inst.

The Union Question Caused It.

PITTSBURG, April 3.—A strike was inaugurated at the Dithridge company glass works in New Brighton, Monday. About 200 men are out. The strike was caused by the firm refusing to discharge a workman who had been expelled from the union for non-payment of dues.

A Reduction of Wages.

HARRISBURG, Pa., April 3.—A reduction of from 5 to 10 per cent in the wages of employees of the Pennsylvania steel works went into effect Monday, in accordance with a notice previously given. The reduction affects 3,500 men.

Iron Mills Starting Up.

BETHLEHEM, Pa., April 3.—The various mills of the Bethlehem Iron company has resumed operations with full force. The wages of puddlers were reduced from \$3.80 to \$3.45 per ton.

Painters' Strike.

DENVER, Col., April 3.—Over 200 painters struck Monday for a reduction of hours from nine to eight, with same pay per day as before. The employers have telegraphed east for men.

Reduction in the Hazelton Region.

WILKESBARRE, Pa., April 3.—A. Purdee & Company, private coal operators of the Hazelton region, Monday reduced the wages of their 1,500 employees 3 per cent.

Strike for Nine Hours.

BUFFALO, April 3.—The carpenters and painters of this city are on a strike to enforce the nine hour day. About 1,500 men went out.

Always is Going On.

NEW YORK, April 3.—The steamship Claribel, from Hayti, brings nothing definite from there. Fighting was going on in the interior, but nothing was known as to the result.

BITTER FEELING

Said to Exist Between the President and the Senate

BECAUSE OF THE REJECTION OF HALSTEAD'S NOMINATION.

Blaine and Sherman Reported to Have Asked for His Appointment During Recess—Klein's Testimony Refutes the Charges of the German Officers—Presidential Nominations—Notes.

CINCINNATI, April 3.—A special to the Times-Star from Washington, says:

It is perhaps fortunate that an adjournment of the senate is had thus early. There is no question that some unpleasantness between the president and the senate has been developed by recent appointments. The case of Mr. Halstead is to the point. Senator Dawes is believed to have been influenced to vote against confirmation by the eloquence of Senator Evarts.

Mr. Evarts himself was probably disinterested, but close friends of Senators Ingalls, Plumb and Teller do not hesitate to say that these men voted against confirmation in order to let the administration know that they are very much alive. So it is said to be with Senator Quay, who is understood to desire to oppose for once at least an appointment with no politics in it.

It is believed to be the apprehension lest some other nominations may be rejected by the senate that induces the president to stop here. The gossip is that Senators Plumb and Teller, whose candidate for superintendence of the land office is ex-Senator Chilcott, of Colorado, who fought the nomination of anybody else, and that President Harrison, after the adjournment, will appoint ex-Governor Stone of Iowa, Secretary Noble's candidate and his own. So of the public printer.

So many senators have candidates of their own that they are determined to push to the end that the successful man must serve on a commission from the president. The chances are that Osborne of California, or Nichols of North Carolina, will succeed Benedict, and that Meredith will succeed Mr. Graves in the bureau of printing.

United for Halstead.

WASHINGTON, April 3.—Senator John Sherman and Hon. James G. Blaine were the most interesting pair of visitors that President Harrison saw Monday. A fellow feeling for Halstead has made the two great rival chiefs kin. They drove up to the White House in Sherman's private carriage and walked in side by side in confidential conversation.

The object of their visit was to state to the president that, in their opinion, Halstead's name ought to be sent to the senate again, and that in the event of a second rejection or failure to confirm he should be appointed during the recess anyhow. Messrs. Sherman and Blaine contended themselves with this expression of their opinion, but did not press Harrison for an immediate decision.

The president asked how Halstead felt about it and whether he cared for the recess appointment, and was informed that he had not been consulted, but that he doubtless would accept if the president desired it. Gen. Harrison is said to have expressed himself as being greatly troubled over the bad party break in the senate and said he wanted time to consider the matter further.

His visitors retired uncertain as to what the president would do. Some of Halstead's friends think that if he were appointed in the recess and his name went to the senate next winter he could be confirmed by the votes of eight senators from the newly admitted states.

Klein's Testimony.

WASHINGTON, April 3.—John C. Klein, the correspondent at Samoa, visited Washington twice this week, having been summoned by the state department for the purpose of testifying in relation to the outrages committed by the Germans in that country while he was there, and also about Samoan matters in general.

He also explained his connection with the events leading up to the battle of Fagali, fought December 18, when the twenty-three German sailors were killed, and told to what extent he participated in the affair. His testimony completely refuted the charges made against him by the Germans of having fired upon their sailors and ordered the soldiers of King Mafafa to do so.

The affidavits of Mr. Klein and of three of Mafafa's soldiers, who were with him at the battle of Fagali, made before United States Vice Consul Blacklock at Apia, will be taken to Berlin by the commissioners appointed by the United States. Mr. Klein had three private interviews with Secretary Blaine. The correspondent will not go to Berlin, at least for the present.

Washington Notes.

The senate has adjourned. In the United States senate, Monday, Mr. Teller offered a resolution to consider presidential nominations hereafter in open session. John Jarrett, ex-president of the Amalgamated Association of Iron and Steel Workers, expects to be appointed consul either to Sheffield or Birmingham. He desires to become better equipped for tariff work and will collect data covering the iron and steel industries.

A naval examining board has been ordered to convene at the Mare Island navy yard on the 23d inst. for the examination of officers of the navy for promotion. The board will be composed of Commodores A. E. K. Bonham and John Irwin and Capt. J. C. Watson, with Lieut. F. F. Qualtrough as recorder. Commander John W. Philip and Lieut. Sebree will appear before the board.

Base Ball Causes Death.

DETROIT, Mich., April 3.—Harold Poe, 10 years old, only son of Gen. O. M. Poe, United States army, stationed here, died Saturday night of heart disease, superinduced by base ball playing. The young man had been advised against the game by his physician, but during Gen. and Mrs. Poe's absence in Washington he indulged in a few turns at the ball. His death occurred shortly after he retired.

THE STANDARD OIL COMPANY.

The Monopoly Given Black Eyes by the People of Toledo and Tiffin.

TOLEDO, O., April 3.—Two years ago the Standard Oil company was granted a franchise to pipe this city for natural gas. The city council was coerced into adopting the schedule of prices as fixed by the Standard people. These rates were excessive as compared with prices for gas in other cities. The people became dissatisfied, but their complaints were of no avail, and the city appealed to the state legislature for an enabling act, authorizing municipal government to issue bonds to the amount of \$750,000 to construct a city pipe line.

The Standard fought the city in the legislature for a year, and succeeded in having a clause inserted in the bill requiring an affirmative vote of 60 per cent. in the city to make the enabling act effective. The Standard people made herculean efforts financially and otherwise, to defeat the project, but at the election held Monday, out of 11,000 votes cast, the pipe line measure received 7,068, being more than the requisite 60 per cent. This is believed to be the first instance on record where the Standard has suffered defeat at the hands of a municipal city in a square contest.

Tiffin Does Likewise.

TIFFIN, O., April 3.—The Standard Oil company was given a black eye here Monday. The proposition for the city to pipe its own gas for the use of private consumers carried by an overwhelming majority. The Democrats are in the majority in the council.

THROUGH A BURNING BRIDGE.

A Baltimore and Ohio Engine and Fourteen Cars Burned—Two Tramps Killed.

WHEELING, W. Va., April 3.—As freight train No. 83, on the Baltimore and Ohio main line, reached the bridge over Hart creek, eighty miles east of this city, Monday morning, Engineer Kusach noticed that the bridge was burning. It was too late to check the train, and he and his fireman, with one brakeman, saved themselves by jumping. The next instant the locomotive broke through the bridge, which was weakened by the fire, and followed by fourteen cars, fell into the creek bed, where the burning timbers from the bridge set fire to the cars, and they were burned. The caboose did not leave the track and all the crew escaped, though two unknown tramps stealing a ride on the train went down with the wreck and were burned. The origin of the fire is unknown, but it is supposed to have been caused by falling cinders.

Students' April Fool Trick.

GETTYSBURG, Pa., April 3.—An April-fool joke caused a panic in the Pennsylvania college at 3 o'clock Monday morning. One of the students started a smoldering fire in a lot of old carpet and rags in a tin pan, and in a few moments the corridors of the large building were filled with smoke. The alarm bells were soon ringing, and the students rushed from their rooms in their night clothes. The town fire apparatus was taken out and hurried to the college, and all Gettysburg was in a state of excitement. When the excitement was at its height, the pan of burning rags in the cellar was discovered, and some one shouted "April fool." The faculty will make an investigation.

Notable Test of a Locomotive's Powers.

BUFFALO, N. Y., April 3.—A most remarkable feat of railroading was performed Monday on the Erie railway. A locomotive of American manufacture hauled the Buffalo day express the entire distance from Jersey City to Buffalo, 423 miles. This is the greatest run ever made by one engine. A special Pullman car containing several representatives of the New York press, invited by the Erie railway and the locomotive company to witness this performance, was attached to the train at Jersey City and brought through to Buffalo. The train left Jersey City at 9:25 a. m. and arrived at Buffalo exactly on time, at 10:30 p. m. A speed of over a mile a minute was maintained on several occasions.

Landslide in Pittsburg.

PITTSBURG, April 3.—A tremendous slide of earth and rock occurred on Second avenue, near Tenth street, at 2 o'clock Monday night. The slip carried away a large part of Bluff street at the top of the hill, rendering the street impassable, and damaging some of the property along that thoroughfare. The Baltimore and Ohio railroad tracks and Second avenue, 300 feet below, were covered to the depth of several feet, reaching for many rods along the railroad and street car tracks. The telegraph wires were broken and travel was stopped. There is great danger of another and much more extensive slide occurring at any moment.

Farely Accidental.

BALTIMORE, April 3.—Capt. Joseph Delano was arrested last week concerning the killing of the little daughter of J. W. Brockwell on the James river in Virginia, by a stray rifle shot fired at wild geese from Delano's tug. A telegram has been received from Governor Lee of Virginia, stating that he would not issue a requisition and directed the captain's release. The killing was purely accidental. Capt. Delano knowing nothing of it until his arrival in this port.

Four Children Drowned.

CLINTON, Mo., April 3.—John Boyles, of the southern part of this county, Monday attempted with his wife and six children to drive in a wagon across Grand river, which was greatly swollen with Saturday's rain. When they reached the middle of the stream the wagon was overturned, and four of the children were drowned. Mr. Boyles, by heroic efforts, managed to save his wife and two children. The oldest of those drowned was a girl 14 years of age.

Is a Baby Live Stock?

HERMAN, Minn., April 3.—A novel proceeding in law was begun here Saturday. H. H. Schramm, a wealthy farmer, leased his homestead to Alexander Weir, it being stipulated in the lease that all increase by live stock on the farm should be equally divided between lessor and lessee. Before Schramm could remove from the place his wife gave birth to a son. Weir now claims that by virtue of his lease he is entitled to one-half of the baby, and has instituted suit to prevent its removal.

Notice to the Democratic Executive Committee.

The members of the Democratic Executive Committee of Mason County are notified that a meeting of said committee will be held at the Clinton Hotel, on Monday, April 8th, at 2 o'clock p. m. (County Court day). I urge upon every member of the committee to be present. Also, all candidates are requested to meet with them.

THOS. J. CHENOWETH, Chairman Ex. Com.

COLONEL BRADLEY says he intends to make the race for Governor to succeed General Buckner. He will find a more determined foe than he did in 1887.

WHAT'S the matter with Kentucky Republicans? Three of their newspapers "went up the spout" last week—the Augusta Republican, the Columbia Herald and the Danville Olive Branch.

MR. T. H. THOMPSON has entered the race for Jailor. His announcement appeared yesterday. Mr. Thompson is a young farmer residing near Washington, and this is the first time he has ever sought office. We bespeak for him at the hands of the party a candid consideration of his claims. He is well qualified for the position he seeks, and the office will be well attended to, if he should be placed in charge of it.

ANOTHER candidate for County Assessor comes to the front to-day in the person of Mr. Charles F. Reed. Mr. Reed is a young farmer, and enjoys an extensive acquaintance throughout the county. He is well and favorably known, and is a clever fellow, making friends wherever he goes. He is an enthusiastic Democrat, and in addition to this he is well qualified for the office he seeks. If Mr. Reed should be honored with the position, he promises a faithful discharge of his official duties.

A LAW of Kentucky explicitly provides, under penalty, that physicians shall annually furnish the County Clerk a full list of all the births which they have supervised or superintended during the year. This law, which is a very wise and good one is practically a dead letter, but it should be enforced. Grand juries should be charged concerning it, and the doctors made to come to the scratch. This register, if correctly kept, will be of incalculable advantage to future generations.—Lexington Transcript.

It has been a custom of the Democratic party in Mason County for years to honor a good and faithful official with a hearty endorsement for a second term. If that custom is observed in the contest that is now on, Mr. C. D. Newell will be the nominee of the party for County Attorney. He is serving his first term, and all will admit that he has made a splendid record. Ever watchful of those interests of the county entrusted to his care, he has been prompt and faithful in the discharge of his official duties. He has proved himself an able and zealous public servant, and deserves a warm endorsement at the hands of the party. His announcement appears in this issue.

AUDITOR HEWITT has signified his intention to bring suit against the Covington Commonwealth and the Owensboro Messenger for libel. It's a little strange that Mr. Hewitt didn't take any action in this matter until the Louisville Times demanded that the time had come for him to do something, that he couldn't remain silent any longer. We don't suppose the Commonwealth and Messenger care a penny how many suits Mr. Hewitt sees fit to file, as long as that sworn testimony of his is available. Our candid opinion is that this sworn testimony of his will knock him out in any court he sees fit to bring his suits. And we are decidedly of the opinion also that Mr. Hewitt will bitterly regret ever taking his alleged grievances into court.

A LOT of Democratic editors have been making fools of themselves over the refusal of the Senate to confirm the appointment of Halstead to be Minister to Germany. They have been actuated by spirit of "journalistic courtesy," no doubt, but we can't see why the action of the Senate in this matter should cause each an outcry in the newspaper world. Surely, President Harrison can find an abler and better man in his party for the position. Mr. Halstead's past history shows that he is too narrow and too bigoted a person to represent this country at the German Court. He is not a fit man for the place. He is not a representative of the broad and liberal spirit that should characterize a public man. He has abused Lincoln, Grant and nearly all the prominent members of his party at some time or other, and his paper has done as much to keep alive the bitter sectionalism of the war as any other journal in the country. The Senate did right in rejecting him, and he knows it and that is what hurts him. He does not deserve any honor.

Mr. Sewall has a 10 Strike.

Mr. George W. Sewall, of Auburn Park, Ill., in the last drawing of the Louisiana State Lottery, held one tenth of ticket No. 40,783, the second capital prize of \$100,000. He said: "I was asked incidentally by a friend to purchase a ticket in this drawing. I did so, paying one dollar for the same, and gave the matter no thought until I received my money through the Adams Express Company. Mr. Sewall has already invested the proceeds of his lucky draw in Cook County, Ill., bonds—Chicago, Ill., Arkansas Traveler, Feb. 9

NOTES.

An examination of this extensive shows the blood lines of Dick Mason. It will be seen that he has a top cross of Hambletonian blood through Almont (by far the greatest son of Alexander's Abdallah, and one of the greatest sires that has ever lived), and then traces three times to Mambrino Chief, twice to Pilot, Jr., once to Hill's Black Hawk and once to Denmark, all through speed-producing channels.

John Burdine is bred exactly like Almont, 2:20; and Toubie, (sire of Lizzie and 2:23), and Almont, (sire of Lady Mary, for the greatest son of Alexander's Abdallah, and one of the greatest sires that has ever lived), and then traces three times to Mambrino Chief, twice to Pilot, Jr., once to Hill's Black Hawk and once to Denmark, all through speed-producing channels.

The Mite Society of the L. R. C. will meet this evening with Mrs. George Crawford.

Jersey, Nansemond, Bermuda and Queen sweet potatoes, all fancy, at Calhoun's Saturday.

The Law and Order Temperance ticket for the City Council at Ripley was badly defeated Monday.

The big Huntington bridge at Cincinnati will be open to foot passengers some time next month.

Mrs. E. L. Powell, who is ill at her home in Louisville, was but little, if any, better at last accounts.

Mr. N. Cooper has the contract for furnishing about 60,000 brick for J. T. Hinton's new residence at Paris.

The steamer Katie Stockdale broke a shaft at Pittsburg and will not pass down this evening. She will miss a trip.

Take notice of the beautiful line of silverware and handsome bronzes in the show window of Hopper & Murphy.

Mr. Michael Hardiman, of Paris, was in town this morning. He has contracts to lay about 500,000 brick at Paris this season.

Levi Friends died at the Bourbon County Poor House Monday at the age of 102 years. He was a veteran of the war of 1812.

The "Lost in New York" company was the theatrical party that passed up Monday evening on a special C. & O. train for Richmond.

Joseph Craig, the Bourbon County giant, has joined Barnum's show. Craig is over seven feet tall and weighs nearly four hundred pounds.

Joseph Heiser Post No. 13, G. A. R., will give a supper at their hall in the court house next Saturday night. All members in good standing are invited.

There will be no preaching at Mitchell's Chapel this evening on account of the illness of Rev. D. A. Beardsley, who is suffering from an attack of rheumatism.

The Misses Niland have on hand the finest stock of millinery ever brought to this city, which they are offering at very low figures. Call and see them. No trouble to show goods.

If your eyes are failing you, there is no one article that will so truly give you "an eye for an eye," as Ballenger's spectacles and eyeglasses. Call at his jewelry store and get a pair.

If you need anything in the harness and saddle line, go to George Schroeder's, opposite opera house, and for every dollar's worth of goods you buy you get a chance on a fine lady's saddle.

Two strangers, prompted by the \$750 reward, are at Ripley searching for the body of the missing Eb Cheney. They exploded a number of dynamite cartridges in the river Monday, but without success.

Rev. Amos Boreino, P. E. of this district, M. E. Church, was elected Vice President of the Methodist Ministers' Association at Cincinnati a few days since. Rev. J. H. Walsh was chosen one of the directors.

Rev. F. M. Rains, of Topeka, Kan., will preach in the Christian Church, this city, next Sunday morning. That night he will preach in the Christian Church at Germantown, and Monday night in the Christian Church, at Mayslick.

The sixth annual commencement of the Aberdeen High School came off last night at the M. E. Church, that place. The house was crowded. The programme consisted of recitations, essays, addresses. There was but one graduate—Miss Sallie Midghall. Haucke's Reed and Brass Band furnished music for the occasion.

Stock, Field and Farm

The Mississippi Valley raises three-fifths of the hogs in this country—40,000,000.

The Jewett Stock Farm refused \$25,000 for twenty-five colts by Jerome Eddy, 2,164.

At the Lackey-Carmony horse sale, at Cambridge, Ind., lasting four days, last week, 304 head sold for \$104,500.

The movement toward dairying in Dakota is phenomenal. Reports of the organization of creameries, and here and there a cheese factory, come from all quarters. Most of them are organized on a liberal scale, with ample capital.

Mr. James W. Fitzgerald's fine stallions Enterprise, Alcandre, McAllister and Reception will be on exhibition next Monday at James & Wells' stable, this city. Breeders of stock should not fail to see these splendid horses. Mr. Fitzgerald's stallions will make the season at the "Limestone Stock Farm"—Maysville fair grounds.

The stallion Dick Mason will make the season at Mr. Wm. Branch's stables at the "Half-way House," near Lewisburg. Dick Mason is a strong-bred horse, a fact that his colts all show. They are all bays, no matter what may be the color of the dams. Mason has proved himself a good breeder. Full description and pedigree may be found elsewhere in this issue.

The evaporating fruit industry was begun in Western New York only about fifteen years ago, and yet within forty miles of Rochester there are nearly 2,000 fruit evaporators, besides many small dry-houses on farms, and the business is still rapidly growing. Of apples alone, 25,000,000 pounds were evaporated here, and the total dried product of all kinds of fruits amounted to 37,750,000 pounds, for which producers received \$1,485,000. More than 4,000,000 pounds of dried fruit were exported from this region last year, and Rochester fruit is in demand at such remote markets as Australia.

Railroad News.

The steel rail-works in Chicago, when consolidated, will be able to supply all the rails needed in the next ten years west of the Mississippi.

John Doherty, engineer of the Richmond, Nicholasville & Beattyville, says the road will be completed in September, and that work is now progressing very rapidly.

What is to become of the Kentucky Central road is now one of the queries. In the newly-elected directory appear the names of M. E. Ingalls, General Samuel Thomas and Calvin Brice.—Louisville Post.

In the year 1888 the Pennsylvania lines carried 74,000,086 passengers one mile, against 68,157,705 carried one mile in 1887 and but two passengers in this immense mileage were killed from carelessness on the part of the roads or their employees.

The last issue of the Railroad Gazette shows that in February there were on the roads of this country 117 accidents, in which twenty-three persons were killed and eighty-eight injured. Not a person traveling on a passenger train was killed. But three of the accidents reported occurred on Indiana roads.

It is stated that "President Ingalls, of the Chesapeake and Ohio Railroad, has ordered a general change in the divisions of the road. Charleston is to be made the end of the First Passenger Division east from Cincinnati instead of Huntington, and Russell, opposite Ironton, the end of the First Freight Division instead of Huntington. The entire line is shortly to be laid with seventy-five-pound rails, and heavy engines are being put on, allowing increased speed."

The bank stock and some other property belonging to ex-Treasurer Tate was sold at Frankfort Monday for \$7,820.75 cash, which will be paid into the State treasury.

Mr. A. A. North, who removed from Minerva to a point near Franklin, Tenn., last fall, has one of the handsomest homes to be seen in that section. He has been offered \$3,000 more for his farm than it cost him.

A copy of The Mirror, published at Washington, this country, in 1798, will be one of the newspaper relics exhibited at the approaching centennial of the inauguration of the first President in New York. It belongs to Colonel R. T. Durrett, of Louisville.

Mr. J. M. Hawley, the merchant at Forman's Springs, Lewis County, shipped 2,665 dozen of eggs to the Eastern market during the month of March. He also shipped forty-eight dozen hens and turkeys and a large quantity of butter. He says he "pays his customers Cincinnati quotations and realizes a small margin net."

Mr. Geo. Myall, of Mayslick, sent a 9½-ounce goose egg to this office a week or so ago. Mr. C. A. Tucker, of Lewisburg, brought in one yesterday that is no larger than the ordinary "hen fruit." He also left at this office a curiosity in the shape of a black duck egg, laid by a black duck. He has two of these black ducks and all their eggs are black.

Dr. H. A. M. Henderson's Lecture.
The New York Preachers' Meeting had the rare privilege of listening to an exposition of the Civil War, from an honest and able standpoint, by Dr. H. A. M. Henderson, subject: "The Swords of Grant and Lee." His felicitous hits bring down the house with a rush; his sentences burn themselves into memory; his whole manner is that of a truthful, noble and earnest man.—Pittsburg Advocate.

Dr. Henderson will deliver this popular lecture at the court house Friday night, April 12, for the benefit of the M. E. Church. He should be greeted by a crowded house. Admission 50 cents; children under 15 years 25 cents.

Miss Charlotte McAtee died this morning at 10 o'clock at the home of her brother, Mr. Wm. McAtee, near Clark's Station. She had been ill only a few days. The deceased was about eighty years of age, and was an aunt of Mrs. A. H. Thompson, of this city. Funeral to-morrow at 10 a. m. at the home of Mr. Wm. McAtee, services by Rev. R. B. Garrett. Friends of the family invited. Burial in Mason County Cemetery.

The information from Washington is that Colonel Bradley has declined the Korean Mission. He prefers to select his abiding place, when he is to be banished.

OUR NEIGHBORS.

ORANGEBURG.

Mrs. Rebecca Clary, of Mayslick, spent last week with her brother, J. H. Anno.
Stockton Rags has gone into the farming business with his uncle, D. E. Bullock.
Our new merchant, J. Dean Willett, is going to the city this week for his spring goods.
Mrs. Robert Politt and John Politt and wife, of Maysville, spent Sunday with James Politt.
Mrs. Sadie Holmes and her sister, Miss Maggie Politt, both of Maysville, spent last week with their brother, James Politt.
The candidates have commenced their hand shaking. There were two here last week—John Furlong, of Washington precinct, and E. M. Tuggle, of Lewisburg.

MAYSICK.

March behaved herself very well until last Sunday and Sunday night, when she just blew herself away.
Miss Julia Lloyd, of Covington, a charming belle, is visiting Mr. M. Scott, at the suburban home of Judge Wilson.
Progressive and ever alive to their best interests, Professor Johnson and his school met last Saturday for the first celebration of Arbor Day ever held in this community. Ye scribe was among the goodly number of friends, and can truly testify to the interest of the occasion. After some very appropriate and interesting recitations, musical essays, all repaired to the yard where the entire campus was surrounded by maples. At each tree a short address was delivered or song was sung as it was raised to the honor of some eminent person or cause. The exercises throughout were unique and enjoyable, and the results will be living monuments to the energy of the teacher and pupils of the first school in our new building.

MURPHYSVILLE.

A notable church wedding will take place here on Wednesday, April 11th, in M. E. Church at 2 o'clock. Rev. Thomas Hanford officiating. The contracting parties are Wm. L. Gault, son of Richard F. Gault, of Shannon and Miss Doela M., daughter of Mr. John Rhoads, of this city. "Billy" Gault is a well known stock dealer, an active young farmer and a popular society man. Miss Rhoads is a lady of many desirable accomplishments, an attractive figure and agreeable manners.

MORANSBURG.

Rev. Charles York preached at the old stone church last Sunday morning.
Miss Etta Chamberlain is teaching a select school at this place.
Miss Lida Politt, of Maysville, was visiting the family of Thos. Proctor last Saturday and Sunday.
W. H. Chamberlain, of Mt. Sterling, is at present sojourning among his old friends at this place.
The McNutt Brothers are doing a land-office business with their steam crusher and grist mill at this place.
R. Z. Storer purchased a fine driving horse from a party near here last week.
Tobacco plants are coming up nicely.
Prospects are flattering for a good fruit crop again this season. The bloom is in the light of the moon, a sign that rarely ever fails.
Dime rumor has it that there will be another wedding in this neighborhood ere the robins nest again.
Dr. Pierce's Pellets—cleanse and regulate the stomach, bowels and system generally. One a dose; purely vegetable.

TRUBLEINSTORE

For the English and Germans
Now in Africa.

AN ARAB REBEL LEADER SAYS THEY
WILL BE DRIVEN OUT.

Assistance Will be Extended to Roman
Catholic Missionaries—The Mind of the
King of the Netherlands Unbalanced.
Suicide of a Countess—Other Interest-
ing Foreign News.

LONDON, April 3.—Two letters have just
been received in London from Mr. De
Courmont, who is at Bagamoyo, opposite
Zanzibar. One of the letters states that
Bashiri, the Arab rebel leader, told Father
Roy, one of the Catholic missionaries, that
he once had faith in the English mission-
aries and protected them, but now that the
English and Germans were allied in their
hostilities against the country, he was con-
vinced that the Englishmen were enemies
and that he would treat them as such. On
the other hand Bashiri has offered the
Roman Catholic missionaries' facilities for
sending a caravan into the interior for the
purpose of establishing a new station in
Kilimandjaro.

The officers of the British East Africa
company, the missionary states, were quietly
pursuing their work at Mombassa. He had
heard from the natives that a railway was
being rapidly pushed into the interior, work
on which had been disturbed by the insur-
rection. Bashiri assured the Roman Catho-
lics of his friendliness, but as for the En-
glish and Germans he declared that he
would not rest until every one of them had
been cleared out, not only of East Africa,
but also out of the whole of Central Africa.

The King of the Netherlands Insane.

LONDON, April 3.—The truth about the
king of the Netherlands has come out. Why
such a mystery has been made of it is in-
conceivable. He has been quite out of his mind
for months, with occasional glimpses of san-
ity. The doctors informed the government
long ago that there was no chance of his
rallying and that ultimately he would be-
come quite mad, under which circum-
stances his health might improve and his
life be prolonged, which now is said to be not
unlikely. The queen long shrank from as-
suming the regency, which she knew would
annoy the world her husband's condi-
tion. But the position has at last been
forced on her. Lately the king, who at
first could not bear her out of his sight, con-
ceived a most violent dislike to her, which
made it impossible for her to nurse him as
hitherto.

Russia Demands Explanations.

ST. PETERSBURG, April 3.—M. Htrovo,
Russian minister at Bucharest, has been in-
structed to demand explanations from the
Roumanian government concerning the ex-
pulsion of Russians from Roumania, and the
general anti-Russian procedure of the Rou-
manian cabinet.

British Naval Increase Approved.

LONDON, April 3.—The committee of the
house of commons, by a vote of 251 to 75,
Monday night approved the proposals re-
cently submitted by Lord George Hamilton,
first lord of the admiralty, for increasing the
strength of the navy.

Countess Shoots Herself.

VIENNA, April 3.—Countess Josephine Ra-
detsky committed suicide Monday by shoot-
ing herself with a revolver.

Foreign Notes.

The Parnell commission has resumed its
sittings.

One thousand dock workers at Marseilles
have struck.

The Prince of Wales has accepted an invita-
tion to dine with Mrs. J. W. Mackay.

Capt. Wissman and Dr. Peters have ar-
rived at Zanzibar with a portion of their
staffs.

The death is announced of M. Martell,
the head of the famous Cognac Distilling com-
pany.

It is reported that Sheikh El Senoussi has
approached to within a few hundred miles
of Khartoum.

The Danish rigsdag closed without either
the landsting or the folkething having
agreed to the budget.

The Church Missionary society has re-
ceived information that the missionaries in
Nyanza and Usagara are safe.

The Rev. John Maher, a curate of Lugga-
curran, Ireland, has been served with three
writings for offenses under the crimes
act.

Statues of Prince Bismarck and Count
Von Moltke were unveiled at Stuttgart.
The ceremonies were witnessed by large
crowds.

Emperor William, attended by Count Von
Waldersee, visited Prince Bismarck, and
congratulated him upon his birthday anni-
versary.

It is stated that a British syndicate, with a
capital of 90,000,000 francs, has offered to
buy the concession for the building of the
Simpson tunnel.

There has been a noticeable exodus of Rus-
sian students from Zurich since the discov-
ery that bombs were being secretly manu-
factured there.

Emperor William gave Prince Bismarck,
as a birthday present, an enormous bound,
to take the place of the chancellor's famous
"Reichshand", who died some time ago.

It is stated in Geneva that an English syn-
dicate with a capital of 90,000,000 francs has
offered to buy the concession for the con-
struction of the Simpson tunnel under the
Alps.

It is stated in English political circles that
Lord Randolph Churchill prompted the
Tories to make him their candidate for the
central district of Birmingham against Mr.
Bright in order to secretly sow dissensions
between the Liberal-Unionists and Tories.

It is a sign of the times that the social
question is becoming much more important
in English political elections nowadays than
formerly. All the speakers in the recent
Bristol election had a great deal to say about
the condition of the poor, and their advo-
cacy of remedies for it.

An exciting contest is expected over the
parliamentary election in the central Bir-
mingham district lately represented by
John Bright. The Liberals have selected a
candidate to run against Mr. Bright's son
and the Tories, the latest report says, will
endeavor to run Lord Randolph Churchill
for the seat.

NEWS IN BRIEF.

A Condensation of Interesting Items on
Various Subjects.

Cars killed James Moran, intoxicated, at
Tiffin, O., Monday.

A petition is out for the pardon of the In-
dians in the Ohio penitentiary.

Women of Detroit voted one of their sex
into the office of school inspector.

Mat. Linger, while drunk, fell down stairs,
at Youngstown, O., and was killed.

Young George Gavin accidentally killed
himself with a pistol at Fort Wayne, Ind.

Harry Allison, colored, was murdered in a
drunken crowd at Louisville, Ky., Mon-
day.

Levi Friends completed a century and two
years over before he died Monday at Paris,
Kentucky.

Republican Mayor Irwin, of Keokuk,
Iowa, who closed the saloons, was defeated
for re-election.

Michigan Republicans elected C. B. Grant
supreme court justice, and hogged all of the
other persimmons as usual.

Harry Hogue, superintendent of the Fos-
teria electric light plant, was killed by a
current while repairing a dynamo.

At Bascom, O., Philip Miller responded to
friendly overtures from his enemy and
father-in-law, William Green, by splitting
his head with an ax.

Mrs. Sallie McGill was robbed of \$125 and
hanged at her home in Sevier county, Tenn.,
probably by mountain desperadoes. Her
young son is also missing.

David Moser has disappeared from Mans-
field, O., driven insane, it is supposed by a
White Cap warning to treat his family
better or take the consequences.

A dark project designed for good is the
plan of leading colored men to found a town
near Louisville for the development of their
race. Nine hundred acres of ground have
been leased.

Lee Brown, a colored boy, aged about
15 years, was shot and instantly killed Sun-
day morning at Chillicothe, Mo., by Scott
White, a colored man. They were, as usual,
fooling with a pistol.

At San Francisco the American sugar re-
finery was formally sold to the eastern sugar
trust Monday. The refinery was transferred
to the trust one year ago, reserving trust
certificates in payment.

Frederick Olcott has commenced a vigor-
ous "Murphy movement" at Fort Wayne,
Ind. He has filed a suit of ejectment against
the Hillman squatters along the banks of
the old Wabash and Erie canals.

The American and Mexican Improvement
company, Chicago, capital \$3,500,000, to de-
velop mineral and other lands, and contract
for public and private improvements in
Mexico, has been incorporated. The incor-
porators are Charles W. Zarnber, Robert
Linn and William Armstrong.

A split ticket was elected in Cincinnati,
Monday. The Republicans elected the
mayor, judge superior court, solicitor and
treasurer; the Democrats, comptroller,
judge of police court, prosecuting attorney
and infirmary director. The vote for the
Citizens' candidate for mayor was less than
8,000.

Monroe Lasater, religious lunatic, of Bol-
linger county, Mo., compelled his wife
Amanda to strangle their 14-months child as
a sacrifice to God, claiming that it was to be
resurrected on the third day. When the
couple was arrested Lasater had been carry-
ing the dead infant about in his arms for
two days.

In the United States district court at Bal-
timore, Monday, Judge Morris sentenced
William F. Ford, John Wallis, Severan W.
Creswell, Noah E. Ward and John E. Cham-
ick, the five oyster captains convicted of
cruelty to oyster dredgers, to thirty days
each in jail, except Chamick, who was fined
\$50 and sentenced to three days in jail.

Youngstown Iron Works Destroyed.

YOUNGSTOWN, O., April 3.—At 7 o'clock
Monday evening fire broke out in the exten-
sive Glencoe iron works of Arms, Bell &
Company, and in half an hour the entire
plant was a mass of ruins. The flames com-
municated to the iron works of Brown, Bon-
nell & Company, destroying one of their
ware houses and an engine house. The loss
to Arms, Bell & Company will reach \$70,000,
with insurance amounting to \$42,500. The
fire started in the blacksmith shop, and
throws 300 men out of employment. The
loss to Brown, Bonnell & Company, will
reach \$10,000, fully covered by insurance.

Killed by a Turnkey.

SPRINGFIELD, O., April 3.—Harry Frank-
lin, who has served two years in the peniten-
tiary, was fatally shot here Monday night
by the station house keeper, William Moore.
Franklin had escaped from the officers and
passed the station house with some compan-
ions. Moore ordered him to stop. Franklin
started to run, and Moore fired, the bullet
penetrating the intestines. Moore was lodged
in jail, and was charged with intent to kill.

An Embarrassed Firm.

NEW YORK, April 3.—The Sargent Manu-
facturing company, maker of invalids'
chairs, etc., is asking an extension of nine
months. Liabilities about \$12,000, assets
much larger, but not immediately available.
The celebrated cripple and inventor, Miss
Mollie Fancher, of Brooklyn, is a stock-
holder in the company, which is using some
of her inventions.

Lead, Coal and Gold in Iowa.

KEOKUK, Iowa, April 3.—The lead, coal
and gold excitement is running very high at
Lowell, Iowa. A Williamson and J. Gregg
went out to prospect for lead a few days ago
and returned with a chunk of gold ore,
and say they have struck it rich. Joseph
Kirk has found a four-foot vein of coal on
his land about one mile from Lowell.

Driven to Death by Drinking.

BETHLEHEM, Pa., April 3.—Early this
morning the dead body of Noah Spengler, a
well known contractor and builder, was
found in the back yard of his residence in
this place. He had shot himself in the head
with a parlor rifle. A note addressed to his
wife stated that he was driven to the deed
by excessive drinking.

Confessed in a Moment of Remorse.

FORT SMITH, Ark., April 3.—John and
Nathaniel Hollowell and Joe Fox were ar-
rested Monday by Deputy Marshal Bondford,
for the murder of John Brannin in the
Cherokee nation March 4. John Hollowell
confessed in a moment of remorse, where-
upon all were arrested.

Robert Garrett's Condition Less Promising.

BALTIMORE, April 3.—It is understood
that Robert Garrett will return before many
weeks. The southern trip has not proved as
beneficial to Mr. Garrett as was hoped. The
fear of being kidnapped is said to have preyed
upon his mind and made him very irritable.

RHEUMATISM AND NEURALGIA

These twin diseases cause untold suffering. Doctors admit that they are difficult to cure—so do their patients. Paine's Celery Compound has permanently cured the worst cases of rheumatism and neuralgia—so say those who have used it.

"Paine's Celery Compound has been a God-send to me. For the past two years I have suffered with neuralgia of the heart, doctor after doctor failing to cure me. I have now taken nearly four bottles of the Compound, and am free from the complaint. I feel very grateful to you." CHAS. H. LEWIS, Central Village, Ct.

Paine's Celery Compound

"I have been greatly afflicted with acute rheumatism, and could find no relief until I used Paine's Celery Compound. After using six bottles of this medicine I am now cured of rheumatic troubles."

SAMUEL H. THOMSON, So. Cornish, N. H.

Effects Lasting Cures.

Paine's Celery Compound has performed many other cures as marvelous as these—copies of letters sent to any address. Pleasant to take, does not disturb, but aids digestion, and entirely vegetable; a child can take it. What's the use of suffering longer with rheumatism or neuralgia?
